FG II - Water Campaigns Logistics Support

<p>Position for:</p> <p>FG II - Technical Agent</p>	<p>As the science and knowledge service of the Commission, the mission of DG Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.</p> <p>The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: https://ec.europa.eu/jrc/</p> <p>The Water Marine Resources Unit provides scientific and technical support to Commission services. In particular, its mission is to carry out scientific assessments addressing societal and economic challenges deriving from the evolving vulnerability of the European and global water environment. It contributes innovative solutions to sustainably manage water resources in the face of increasing trends of global population, urbanisation, pollution, over-exploitation, land use and climate change and ensures that they are adequately linked to policy development and implementation.</p> <p>In this context, the unit organises pan-regional and EU-wide collaborative exercises to investigate pollutants of emerging concern such as micro-plastics, novel pesticides or pharmaceuticals to name a few which are released to the natural and urban water cycle. In order to support the necessary logistical preparation for sampling, dispatching operations as well as for the handling and registration of incoming samples as well as the proper documentation and archiving of the generated measurement data, we are looking for skilled and open-minded clerical support with proven crafting skills in the operation and handling of water and water equipment such as pumps, conduits and equipment.</p> <p>Qualifications:</p> <p>The ideal candidate has a secondary formation with a proof-record of artisanal skills in hydraulics, plumbing, air-conditioning or similar.</p> <p>He should have a thorough knowledge in the operation and maintenance of pumps and conduits for water handling at different scales and a solid knowledge of office software (i.e. Excel, Word). Previous experience in the industrial, private sector is an asset.</p> <p>Knowledge of Italian language is necessary to interact with local enterprises involved in the dispatch operations.</p>
<p>Directorate Unit</p>	<p>Sustainable Resources Water and Marine Resources</p> <p>Further information: https://ec.europa.eu/jrc/</p>
