**FG IV – Researcher – Economic Analysis of  
European Industrial Competitiveness**

<p><b>Position for: FG IV – Researcher</b></p>	<p>The Joint Research Centre (JRC) is the European Commission's in-house science service which employs scientists to carry out research in order to provide independent scientific advice and support to EU policy.</p> <p>Further information is available at: <a href="https://ec.europa.eu/jrc/en">https://ec.europa.eu/jrc/en</a></p> <p>The Sustainable Production and Consumption Unit of the Institute for Prospective Technological Studies (IPTS) has a vacancy for a researcher to work in applied economic analysis concerning EU industrial competitiveness, environmental regulation, the EU internal market and international trade. The research will cover the analysis of environmental and economic aspects of consumption, production and trade patterns and relevant policy implications. It will also include the analysis of environmental policies and related regulatory instruments.</p> <p>The successful candidate's main tasks will consist in economic analysis, including the development and use of economic models. Under the supervision of the scientific officer, s/he will participate in techno-economic studies, which include research tasks, analysis and summary of results and preparation of reports for policy makers.</p> <p><b>Qualifications and requirements:</b></p> <p>Candidates must have a PhD (doctoral studies) or a minimum of 5 years of professional experience after university studies of at least three years attested by a diploma.</p> <p>S/he should also have an academic or professional background in applied or environmental economics or economic modelling. Familiarity with econometric tools, macro-economic models and input-output analysis is desirable.</p> <p>A good understanding of the relationship between economy, technology, environment and consumption and production patterns as well as industrial competitiveness is necessary. A good knowledge of EU environmental, industrial and trade policies will be an asset.</p> <p>A very good level of written and spoken English is essential and knowledge of at least one other EU language is an advantage.</p>
