

**2021-IPR-F1-FGIV-016448****FG IV – SCIENTIFIC PROJECT OFFICER –
PROJECT MANAGEMENT FOR HEALTHCARE
QUALITY ACTIVITIES ON CANCER****POSITION FOR:**

Member of the contract staff FGIV – art. 3b of the Conditions of Employment of Other Servants
<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CONSLEG:1962R0031:20110101:EN:PDF>

WE ARE:

As the science and knowledge service of the Commission, the mission of DG Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.

The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: <https://ec.europa.eu/jrc/>

Within its Directorate for Health, Consumers and Reference Materials, the Health in Society Unit supports EU policies in public health for promoting excellence and equality of health-care in all Member States. The Unit is composed of a young and dynamic team of epidemiologists, medical doctors, statisticians, methodologists, biologists, nutrition experts working on: health information on cancer and rare diseases; healthcare quality, prevention of non-communicable diseases.

Further information: <https://ec.europa.eu/jrc/en/science-area/health-and-consumer-protection>

WE PROPOSE:

The Unit is looking for a scientific/technical project officer assisting the activities in the area of cancer. The successful candidate will support the healthcare quality activities and, in particular, the execution of the quality assurance schemes for breast, colorectal and/or cervical by developing quality requirements and indicators along the entire patient's care pathway together with supporting associated activities.

The Unit works with other JRC directorates, the scientific community and other Commission services, particularly DG Health and Food Safety.

WE LOOK FOR:

The successful candidate will have a:

- University degree in biomedical disciplines, such as Medicine, Public Health, Epidemiology, or Life Sciences
- Three year experience in at least one of the fields is required: quality assurance schemes/programmes /standards/indicators applied to oncology or in related fields of interest for colorectal/cervical cancer screening and care (such as medical laboratory, pathology, endoscopy)
- Experience in either population based colorectal and/or cervical cancer screening/care and/or in quality assurance for cancer screening and care would constitute an advantage.

A good knowledge of written and spoken English (B2) is required.

INDICATIVE CONTRACT'S DURATION:

36 months initial contract with possible renewals up to maximum 6 years.

PLACE OF WORK:

Ispra (IT)

RULES AND ELIGIBILITY:

To be eligible for the position, the candidate must be on a valid EPSO reserve list for Function Group IV contract staff.

You can be added to an EPSO reserve list if you complete successfully an EPSO selection procedure.

Candidates who are on a valid EPSO reserve list or have applied to an EPSO selection procedure can apply to this specific position through <http://recruitment.jrc.ec.europa.eu/?type=AX>.

How to apply to an EPSO selection procedure?

Apply either to the permanent EPSO call (CAST Permanent) https://epso.europa.eu/documents/2240_en or a specialised call for researchers <https://ec.europa.eu/jrc/en/working-with-us/jobs/vacancies/function-group-IV-researchers>

The CAST Permanent reserve list is used by a wide range of organisations (institutions, bodies, offices and agencies of the European Union), whereas the specialised reserve list for researchers (JRC Call COM/1/2015/GFIV – Research) is mainly used by the JRC.

RECRUITMENT POLICY:

The JRC

- Cultivates a workplace based on respect for other people and the environment.
- Embraces non-discriminatory practices and equality of opportunity. In case of equal merit, preference will be given to the gender in minority.
