

EUROPEAN COMMISSION

JOINT RESEARCH CENTRE

2021-IPR-C4-FGIII-016911

**FG III - Technical assistant for the execution of
vehicle in-service conformity and market surveillance
tasks**

POSITION FOR:

Member of the contract staff III – art. 3b of the Conditions of Employment of Other Servants
<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CONSLEG:1962R0031:20110101:EN:PDF>

WE ARE:

As the science and knowledge service of the Commission, the mission of DG Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.

The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: <https://ec.europa.eu/jrc/>

The current vacancy is in the Sustainable Transport Unit (STU) of the Directorate for Energy, Transport and Climate. The Unit supports the development and implementation of European policy and legislation on vehicle emissions.

A multidisciplinary team is being established to carry out the in service conformity and market surveillance tasks foreseen by the new Real Driving Emission legislation and the Regulation 2018/858. The selected candidate will be part of this team.

WE PROPOSE:

A position as Technical Assistant for the execution of vehicle in-service conformity and market surveillance tasks. The future jobholder will contribute to the team's tasks including the preparation/execution of experimental testing campaigns having the objective of monitoring the latest models of passenger cars to check their compliance with the current emission legislation.

The results of these tests will be regularly published as information to the public, as well as used to assess the robustness of the new Real Driving Emission tests procedure.

Contributions to reports and scientific publications are an integral part of the required tasks.

WE LOOK FOR:

The ideal candidate will have completed post-secondary education studies attested by a diploma in engineering, physics or in a similar field, or secondary education studies attested by a diploma giving access to post-secondary education, and appropriate professional experience of three years.

Experience in laboratory-based activity is an advantage.

Knowledge of vehicle emissions test procedure is an asset. Specific knowledge about vehicle technology and after-treatment devices is an advantage.

Good knowledge of spoken and written English (B2 level) is required as well as good communication and inter-personal skills.

INDICATIVE CONTRACT'S DURATION:

36 months initial contract with possible renewals up to maximum 6 years.

PLACE OF WORK:

Ispra (IT)

RULES AND ELIGIBILITY:

To be eligible for the position, the candidate must be on a valid EPSO reserve list for Function Group III contract staff.

You can be added to an EPSO reserve list if you complete successfully an EPSO selection procedure. Candidates who are on a valid EPSO reserve list or have applied to an EPSO selection procedure can apply to this specific position through <http://recruitment.jrc.ec.europa.eu/?type=AX>.

How to apply to an EPSO selection procedure?

Apply to the permanent EPSO call (CAST Permanent) https://epso.europa.eu/documents/2240_en. This reserve list is used by a wide range of organisations (institutions, bodies, offices and agencies of the European Union).

RECRUITMENT POLICY:

The JRC

- Cultivates a workplace based on respect for other people and the environment.
- Embraces non-discriminatory practices and equality of opportunity. In case of equal merit, preference will be given to the gender in minority.
