

EUROPEAN COMMISSION

JOINT RESEARCH CENTRE

**2021-BRU-B7-FGIV-018652**

**FG IV – ECONOMIC ANALYST**

**POSITION FOR:**

Member of the contract staff FG IV – art. 3b of the Conditions of Employment of Other Servants  
<http://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CONSLEG:1962R0031:20110101:EN:PDF>

**WE ARE:**

As the science and knowledge service of the Commission, the mission of DG Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.

The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: <https://ec.europa.eu/jrc/>

**The current vacancy is in Directorate for Growth & Innovation - Knowledge for Finance, Innovation and Growth unit.**

The Unit works across two JRC sites: Seville (Spain) and Brussels (Belgium). The current vacancy is located in Brussels.

The Unit supports EU policies on growth, innovation and the financial union. The successful candidate will be part of the Input-Output Economics, Global Value Chains and Productivity team. The team provides policy analyses based on empirical evidence to assess the underlying factors behind productivity trends at EU and Member State level, map global value chains, investigate trade relationships between countries and sectors and gauge the economic, social and environmental effects of European policies on competitiveness, growth and jobs.

Further information:

<https://publications.jrc.ec.europa.eu/repository/handle/JRC119785>

<https://ec.europa.eu/jrc/en/research-topic/input-output-economics>

**WE PROPOSE:**

The successful candidate will contribute to the research agenda and policy support of the Unit under the supervision of the team leader.

S/he will work in a team to produce original research work based on both quantitative methods and qualitative analysis. S/he will carry out analysis of national and EU economic policies with a focus on trends and key drivers of productivity growth at different levels (country, region, sector, firm) to inform the actions of policy makers aimed at fostering productivity and economic growth.

The current vacancy is located in Brussels (Belgium). Please note that we have an identical vacancy located in Seville (Spain). Should you be interested in both locations, please apply to both vacancies.

**WE LOOK FOR:**

The candidate should have a strong academic background in economics and advanced knowledge and experience in quantitative and qualitative analysis.

A good knowledge of research and innovation, industrial, social, environmental and trade policies as well as productivity issues, experience in macroeconomic modelling and/or micro-data analysis and a track record of publications would be an asset.

Ideally the candidate should have a PhD (doctoral diploma), or a minimum of 5 years of professional experience after university studies of at least 3 years attested by a diploma.

An excellent level of written and spoken English (C1 level) is essential.

**INDICATIVE CONTRACT'S DURATION:**

36 months initial contract with possible renewals up to maximum 6 years.

**PLACE OF WORK:**

Brussels (BE)

**ELIGIBILITY CRITERIA:**

Candidates for this contract agent post shall:

– (i) have passed a valid EPSO CAST selection procedure;

or

– (ii) be registered in the EPSO Permanent CAST [https://epso.europa.eu/documents/2240\\_en](https://epso.europa.eu/documents/2240_en)

or

- (iii) be registered in the specialised call for researchers <https://ec.europa.eu/jrc/en/working-with-us/jobs/vacancies/function-group-iv-researchers> (used mainly by the JRC).

With a valid application number to one of the above, you may then apply for this specific vacancy at JRC through: <http://recruitment.jrc.ec.europa.eu/?type=AX>.

**RECRUITMENT POLICY:**

The JRC

- Cultivates a workplace based on respect for other people and the environment.
- Embraces non-discriminatory practices and equality of opportunity. In case of equal merit, preference will be given to the gender in minority.
