

## VACANCY NOTICE – 2023-IPR-E5-FGIV-022348

### Project Officer - Demographic analysis and projections

<b>Type of contract</b>	Member of the European Commission's contract staff, Function Group IV (article 3b of the <a href="#">Conditions of Employment of Other Servants</a> )
<b>Duration of contract</b>	36 months (renewable up to maximum 6 years)
<b>Area</b>	Demography
<b>Place of employment</b>	Ispra (IT)
<b>Indicative basic salary</b>	3877,47 - 5616,29 € (applicable as of 1 <sup>st</sup> of July 2022) For more detailed information please consult: <a href="#">Working Conditions</a>

#### WE ARE

The [Joint Research Centre \(JRC\)](#) provides independent, evidence-based knowledge and science, supporting EU policies to positively impact society.

The current vacancy is with the Demography and Migration Unit, of the Space, Security and Migration Directorate. This Unit carries out research, analysis and knowledge management in support of EU policies on demography and migration and is responsible for the operation of the Knowledge Centre on Migration and Demography.

The Unit's day-to-day work involves mapping and structuring existing knowledge on demography and migration, addressing key knowledge gaps through its own research, extending the knowledge through networking with external partners, disseminating its findings to policy makers. Its activity areas cover foresight and anticipation of demographic trends for the EU and at global level, at several geographical level of analysis, the external dimension of migration, and processing data on migration and demography from traditional statistics and innovative data sources.

The Commission's Knowledge Centre on Migration and Demography (KCMD) is steered by the JRC, FG HOME, and eight other Commission services. It is tasked with providing high quality scientific evidence for EU policy makers on migration and demographic change in Europe and globally, addressing both short and mid-to longer term policy needs and challenges.

We offer:

- a stimulating working environment within a dynamic, friendly, knowledgeable and motivated team.
- opportunities of taking the lead of new research and analyses projects directly supporting with demographic insights and knowledge the definition of EU policies in various domains, and interacting with international institutions

## **WE PROPOSE**

---

The jobholder will contribute to demography related projects and activities. Her/his main tasks will also include to take part in the development of the demographic modelling toolbox of the Unit and to conduct quantitative analyses of the environmental and socio-economic implications of demographic change at the EU and global level.

## **WE LOOK FOR**

---

We are looking for a team member with the following qualifications.

A PhD or a minimum of 5 years of professional experience after university in any area providing necessary skills for high-quality quantitative and qualitative demographic research.

Previous experiences in working with policy makers and a good understanding of policymaking processes at the supra-national level are an advantage.

Knowledge of demographic projections is an advantage, as well as experience with scientific programming languages (Python and/or R).

Experience in data analytics software is an advantage.

Experience and ability in working with an international and interdisciplinary team is required.

Capacity to generate innovative ideas, inspire others and deliver high impact results.

## **HOW TO APPLY**

---

If you are **already on a valid CAST FG IV reserve list**, or you **have already applied to one of the calls below**, you can directly submit your application at <http://recruitment.jrc.ec.europa.eu/?type=AX>.

If not, before applying to this position, **you must register** for one of the two following:

- the [Call for Expressions of Interest | EU Careers \(europa.eu\)](#) (CAST Permanent FG IV), which is used by a wide range of organisations (institutions, bodies, offices and agencies of the European Union), or
- the [specialised call for researchers](#) (JRC Call COM/1/2015/GFIV – Research), which is mainly used by the JRC.

Note that each of the calls above has **different minimum eligibility requirements and different selection tests**.

*The JRC cultivates a workplace based on respect for other people and the environment, and embraces non-discriminatory practices and equality of opportunity. In case of equal merit, preference will be given to the gender in minority.*
