

VACANCY NOTICE – 2023-PTT-T6-FGIV-022448

FG IV – IT Project Officer – Back-end infrastructure

Type of contract	Member of the European Commission's contract staff, Function Group IV (article 3b of the Conditions of Employment of Other Servants)
Duration of contract	36 months (renewable up to maximum 6 years)
Area	Advanced Computing & ICT services
Place of employment	Petten, the Netherlands
Indicative basic salary	3877,47 - 5616,29 € (applicable as of 1 st of July 2022) For more detailed information please consult: Working Conditions

WE ARE

The [Joint Research Centre \(JRC\)](#) provides independent, evidence-based knowledge and science, supporting EU policies to positively impact society.

The current vacancy is in the Advanced Computing & ICT Services Unit of Directorate T of the JRC.

The mission of the Advanced computing and ICT services Unit is:

- to act as a centre of ICT competence supporting the operational activities of the JRC;
- to implement the JRC ICT policy and to provide a reliable, efficient and secure ICT infrastructure for the whole JRC in line with the Commission ICT strategy;
- to support and coordinate the implementation of corporate information systems

WE PROPOSE

We offer a position for an IT Project Officer that will contribute to the execution of project and services in the backend infrastructure team (server virtualization, storage and backup).

The successful candidate will be required to:

- Design servers and storage service architecture;
- Monitor correct operations of the systems and perform error detection tests;
- Carry out capacity analysis and system evaluation;
- Apply data integrity control procedures and security procedures;
- Provide second level support in System management;
- Manage the Active Directory;
- Produce technical and user oriented documentation;

- Plan, create technical design and implement new service solutions based on the corporate systems infrastructure;
- Maintain and improve the quality procedures.

WE LOOK FOR

Candidates should have:

a completed university education of at least three years attested by a diploma in Information and Communication Technologies and;

at least 5 years of relevant professional experience in Information and Communication Technologies;

a thorough knowledge of IT security systems and procedures;

experience and knowledge of information systems architecture;

a thorough knowledge of English both written and spoken (min. level B2);

proven interpersonal, organisational and problem solving abilities and the ability to work both independently and as part of a team.

The selection board will appreciate candidates showing ability to work in a team, who are client oriented, capable to communicate technical or specialised information, with the ability to work in a proactive and autonomous way and to identify user's needs.

HOW TO APPLY

If you are **already on a valid CAST FG IV reserve list**, or you **have already applied to one of the calls below**, you can directly submit your application at <http://recruitment.jrc.ec.europa.eu/?type=AX>.

If not, before applying to this position, **you must register** for one of the two following:

- the [Call for Expressions of Interest | EU Careers \(europa.eu\)](#) (CAST Permanent FG IV), which is used by a wide range of organisations (institutions, bodies, offices and agencies of the European Union), or
- the [specialised call for researchers](#) (JRC Call COM/1/2015/GFIV – Research), which is mainly used by the JRC.

Note that each of the calls above has **different minimum eligibility requirements and different selection tests**.

The JRC cultivates a workplace based on respect for other people and the environment, and embraces non-discriminatory practices and equality of opportunity. In case of equal merit, preference will be given to the gender in minority.
