EXPO@JRC – Communicating science to the general public

Position for:

Trainee

Short description of activity:

The EU EXPO Task Force is looking for a trainee who will contribute to the **EXPO Activities organised in Ispra** during the World Expo 2015 (01/05-31/10/2015).

The role of the trainee will exist of:

- give general support to the Task Force;
- contribute to the organisation and proper running of scientific events organised in Ispra;
- give support for visits and act as contact point with Communication Unit;
- get acquainted with the scientific work of the JRC and learn how to communicate science to the general public.

Qualifications:

The ideal candidate should have a university degree in a relevant topic such as communication or public relations or should have a scientific background with strong interest in communicating science.

Good oral communication skills and assertiveness are essential, as well a problem solving attitude.

Relevant experience in event management, science communication or PR activities will be considered an asset.

The candidate should have a good level of spoken English (B2) and Italian (B2).

For general eligibility requirements, please read the rules governing the traineeship scheme of the JRC:
