

2016-IPR-H-000-6775

Climate Finance

**Position for:**

Trainee

**Short description of activity:**

The successful candidate will join a team in the Climate risk management Unit, providing support on metrics to guide, monitor and evaluate the private and public actions and finance for climate resilient and low carbon development.

S/he will contribute to:

- 1) analyse of the climate related finance in Official Development Assistance;
- 2) identify data providers to track private climate finance;
- 3) propose metrics which can combine vulnerability to climate change with climate related finance at country level (recipient country).

**Qualifications:**

Essential.

- Academic background in economics and/or statistics;
- S/he must have very good communication skills and creativity and strong ability to search through data, analyse, and summarise critical information;
- Good command of written and spoken English (B2 level).

Advantage.

- Familiarity in using and developing financial indicators;
- PhD will be considered an asset.

**For general eligibility requirements, please read the rules governing the traineeship scheme of the JRC:**
