

**2017-IPR-E-000-8945**

**DRIVER (Driving Innovation in Crisis Management for European Resilience)**

**Position for:**

Trainee  
(Three positions)

As the science and knowledge service of the Commission, the mission of Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.

The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: <http://www.jrc.ec.europa.eu>

**Short description of activity:**

The successful candidate will contribute both to the management of DRIVER (Driving Innovation in Crisis Management for European Resilience) sub-project 92 "Test-bed" and to the development of the test-bed.

The trainee will help coordinating the activities, reporting working packages progress and significant results and preparing management reports. Additionally, the trainee will follow the activities of the WP focused on the test-bed technical infrastructure.

She/he will have the opportunity to contribute to a variety of deliverables as well as to work on the requirements (in terms of functionality) of a distributed European test-bed for crisis management capability development.

**Qualifications:**

**Essential:**

- Academic background in Technology and/or Engineering
- Familiarity with EU-funded projects
- Excellent skills with respect to: writing minutes, reports and summaries, validating support tools for ICTs solutions, applying innovative solutions in the crisis management domain
