Impact Evaluation Methods

<p>Position for:</p> <p>Trainee</p>	<p>As the science and knowledge service of the Commission, the mission of Joint Research Centre is to support EU policies with independent evidence throughout the whole policy cycle.</p> <p>The JRC is located in 5 Member States (Belgium, Germany, Italy, the Netherlands and Spain). Further information is available at: http://www.jrc.ec.europa.eu</p> <p>Short description of activity:</p> <p>The mission of the Unit is to contribute to better EU regulation and spending by developing research and applying state of the art tools for impact assessment, monitoring and counterfactual evaluation. The unit's research and analytical activities cover modelling, applied statistics, econometrics and sensitivity auditing and their application across the full range of EU's policy areas, including competitiveness, employment, innovation, the internal market, judiciary, health, poverty, migration, cohesion, and other social dimensions.</p> <p>The vacancy is in the European Commission's Competence Centre on Modelling, which promotes a transparent, coherent and responsible use of modelling to underpin the evidence base for EU policies. The Competence Centre is uniquely placed. Collaborating with over 20 Directorates of the European Commission, it currently covers four strands of activities: the Commission's modelling inventory and knowledge management system; baseline scenarios for integrated policy assessment; model quality and sensitivity analysis; and social multi-criteria evaluation.</p> <p>The traineeship will entail collaboration to legal and policy analysis, literature reviews, commenting policy documents, contributing to high quality scientific publications and technical reports. The successful candidate will</p>
